

ANDREAS HOME LEARNING

Daily Reading

To keep skills sharp children need to read every day. If this isn't possible, read to them or listen to an audiobook together; especially if they are still learning to read. Asking questions and talking about stories is invaluable to making sure your child has a good understanding of texts. First News - Digital version of the class weekly newspaper with lots of news, sports, entertainment, puzzles and more to read and enjoy.

Writing & Spelling

There are writing activities in Google Classroom with a new tasks added each week. Alternatively you can Use <http://www.pobble365.com> select a picture and follow the activities. There are spelling lists and activities in the Smeale Google Classroom.

Numeracy focus

<https://whiterosemaths.com/homelearning/summer-term/>

- There are changes to White Rose Maths from next week. White Rose have been working closely with the BBC Bitesize Daily Maths team to make a clear learning plan for the summer term. To help make this happen, they have set out a 12-week learning plan that means children can:
 - make sure they understand the main concepts they need for their work next year
 - cover any new learning that they have not yet have done in school.
- Spending time on maths skills such as fluency of K.I.R.F.s (key instant recall facts), estimation and subitizing (rapid, accurate and confident judgement of small numbers of items) all help your child acquire a deeper understanding of maths.
- The children can also now access Numbots and Times Tables Rock Stars which are fun, interactive online resources designed to help with those pesky Times Tables! Please ask your child to email Mrs Brook for the user name and password.

Science

There are different activities within the Smeale Google that focus on developing science skills. These include discussion prompts, links to online science lessons and practical science ideas that can be down at home.

P.E.

Use Lucy's 7 minute step work out (<https://www.youtube.com/watch?v=xFvLU8TQY5g>), or join in with 'P.E. with Joe' who is doing daily lessons on youtube. You can also explore yoga with Cosmic Kids on Youtube or at (<https://www.cosmickids.com/>) If space allows why not try a 10 metre beep test?

ANDREAS HOME LEARNING

Topic - VE Day and Isle of Man based home learning

This week's topic is to explore Isle of Man based resources such as the fantastic information on VE Day by Culture Vannin. Throughout the week it will be adding bits to Google Classroom throughout the week.

www.culturevannin.im

Other stuff!

- Use the websites you have been provided with to guide you as they provide learning opportunities for all sorts of curriculum areas which will help keep your child engaged. Allow your child to choose but monitor these choices carefully so your child isn't always in the comfort zone.
- Cooking is a vital real life skill your child can learn and baking is a great way to teach age appropriate maths such as fractions through sharing, weighing and measuring etc.
- Remind your child of their PawsB training from last year and find time to practice mindfulness. There are some guided mindfulness meditations on Youtube designed for children.
- First News - Digital version of the class weekly newspaper with lots of news, sports, entertainment, puzzles and more to read and enjoy.
- Hometalk - this is a great way to have rich conversation with your children, particularly useful right now.
