Please forward written consent as per the email sent last Thursday (14th May), to reactivate the account.

Thank you for your support,

Mrs Hawkins

It has been great to speak to you all recently. Please do not hesitate to contact school if you need any help or guidance.

Learning ideas continue to be provided in the classroom and an overview here for you.

Predict what might happen in a sequel to the story you are reading or have just finished. Write down what you think happens to the characters and **justify** your reasons. Use these spellings in your sentences:

did not - didn't do not - can't might not - mightn't

must not - mustn't I will - I'll you will - you'll you have - you've

you had - you'd

Writing task

So how about you design a poster about staying safe in the summer for 2020?
Or managing your happiness this summer?
Thinking about physical distancing, drought, sun care, mental health. What else?

What does your poster need to be successful? Think about this first (**think ahead - picture** a good design) and add on great ideas as you go along! **Weigh up** your actions and ideas as you create - it's ok to change your mind on reflection.
