September 2020

Dear Parents

La Jolie Ronde French and Spanish lessons have been successfully taking place at schools across the island this year, and I would love to be able to offer both at your school.

French and Spanish are not part of the primary school curriculum on the Isle of Man and therefore there would be a charge for private lessons. If you would be interested in your child taking part, the cost would be £5 per lesson, per child, payable termly in advance. There is also a compulsory book and app which support the course and the cost to cover those is £15.

The children would be taught once per week, during lunchtime, in small classes with children of their own age. The lessons last for 30 minutes, so the children still have time to eat their lunch.

The La Jolie Ronde programme is designed to enable your child to reach an excellent level of French or Spanish, to encourage a positive attitude to language-learning and to provide a strong foundation for secondary school. Above all, the La Jolie Ronde classes are a lot of fun!

In the event that minimum numbers are not met and/or tutors are not available, it will not be possible to continue the classes. In the event that we are oversubscribed, we will look at additional after school hours.

As we have a native Spanish tutor already available, we would like to start by offering Spanish at your school, and then should the interest be there, add French too! **Please email me the information requested on the slip below (email address above) if you would be interested.** I will then contact you by email. Please feel free to contact me if you have any questions or phone me on 473010.

Merci beaucoup! À bientôt!
 ¡Muchísimas gracias! ¡Hasta pronto!

Emma Humphrey
