Dear Parents/Carers

## Re: Closure of Schools due to Coronavirus

We would like to thank you all for your patience at this difficult time.

As I am sure you heard yesterday the Chief Minister ordered the closure of most schools for most pupils on the Isle of Man from the end of school today.

We know that parents/carers will seek to keep their children safe by keeping them at home and will follow the Government's advice. We very much appreciate your support in this and know that, if we all work together, we have the best chance of reducing the spread of Covid-19.

The Government has asked parents to keep their children at home wherever possible, and asked schools to remain open only for those children who are designated as 'vulnerable' or are the children of 'key workers'.

### It is important to understand that:

- If it is possible for children to stay at home then they should.
- Parents/carers should also do all they can to ensure children are not mixing socially in a way that could spread the virus. They should observe the same social distancing principles as adults.
- Many parents who are key workers may be able to ensure their child is kept at home. Every child who can be safely at home should be.
- The fewer children making the journey to school and the fewer children in educational settings the lower the risk that the virus can spread and infect vulnerable individuals in wider society.
- Parents can choose to keep children away from school without any concern of repercussion.

Secondary and primary schools with special needs units attached have been asked to stay open with staff to look after our most vulnerable children and the children of key workers.

From Thursday 7<sup>th</sup> January 2021 children who are identified as vulnerable or whose parents are essential key workers can attend one of the Hub Schools. The junior site at Rhumsaa is the hub that is available for Andreas pupils. Pupils who attend the hub do not need to wear school uniform.

The attached table provides more information regarding the definitions of key workers.

If you have not already registered with the online form sent earlier, we would be grateful if you could let us know by email before 3.45 pm [[andreasenquiries@sch.im](mailto:andreasenquiries@sch.im)] if your child/ren fall within the above categories and indicate if your child/ren will be attending a Hub School from tomorrow and specify which Hub School they will be attending.

For tomorrow, we ask that children attending the hub schools arrive in the playground of the said school and they will be met by a member of staff. The school day runs from 9.00 until 3.30.

In order to properly safeguard children and young people, pupils should not alternate between hub schools but, wherever this is possible, attend the same hub school each day.

School catering services are intending to provide hot lunches in school from Thursday for **all children** who attend the Hub School. Additional cleaning arrangements will also be put in place.

Home Learning – please see separate letter

Please remember that we now know Covid 19 is spread by children so try to ensure your child stays home as this is the safest place for everybody.

As always, if you have any questions or concerns please contact us. My e mail is [trish.dudley@sch.im](mailto:trish.dudley@sch.im) or you can e mail Mrs Robinson on [andreasenquiries@sch.im](mailto:andreasenquiries@sch.im).

My thoughts are with everyone at this difficult time but I have every confidence that we can come through this again. The staff are working hard to ensure some continuity for your children's learning but always remember that everyone's emotional well being is of paramount importance so keep safe and stay brave.

Yours Sincerely

Trish Dudley  
Headteacher

<b>Work Sector</b>	<b>If your work is critical to the COVID-19 response, or you work in one of the critical sectors listed below, and you cannot keep your child safe at home then your children will be prioritised for education provision</b>
<b>Health and social care</b>	This includes but is not limited to doctors, nurses, midwives, paramedics, social workers, care workers, and other frontline health and social care staff including volunteers; the support and specialist staff required to maintain the Island's health and social care sector; those working as part of the health and social care supply chain, including producers and distributors of medicines and medical and personal protective equipment.
<b>Education and childcare</b>	This includes childcare, support and teaching staff, social workers and those specialist education professionals who must remain active during the COVID-19 response to deliver this approach.
<b>Key public services</b>	This includes those essential to the running of the justice system, religious staff, charities and workers delivering key frontline services, those responsible for the management of the deceased, and journalists and broadcasters who are providing public service broadcasting.
<b>Local and national government</b>	This only includes those administrative occupations essential to the effective delivery of the COVID-19 response, or delivering essential public services, such as the payment of benefits, including in government agencies and arm's length bodies.
<b>Food and other necessary goods</b>	This includes those involved in food production, processing, distribution, sale and delivery, as well as those essential to the provision of other key goods (for example hygienic and veterinary medicines).
<b>Public safety and national security</b>	This includes police and support staff, contractor and (those critical to the delivery of key defence and national security outputs and essential to the response to the COVID-19 pandemic), fire and rescue service employees (including support staff), those maintaining border security, prison and probation staff.
<b>Transport</b>	This includes those who will keep the air, water, road and freight transport modes operating during the COVID-19 response, including those working on transport systems through which supply chains pass.
<b>Utilities, communication and financial services</b>	This includes staff needed for essential financial services provision (including but not limited to workers in banks, building societies and financial market infrastructure), the oil, gas, electricity and water sectors (including sewerage), information technology and data infrastructure sector and primary industry supplies to continue during the COVID-19 response, as well as key staff working in the telecommunications sector (including but not limited to network operations, manufacturing and engineering, call centre staff, IT and data infrastructure, 999 and 111 critical services), postal services and delivery, payments providers and waste disposal sectors.
<b>Miscellaneous Services</b>	This includes those that are required for essential commercial cleaning staff who are deployed in any of the working areas of the categories listed above in order to allow them to function.
<b>General Guidance</b>	If workers think they fall within the critical categories above, they should confirm with their employer that, based on their business continuity arrangements, their specific role is necessary for the continuation of this essential public service.
