

## Suggested Timetable

When it comes to planning your day, there's no such thing as a right or wrong schedule! Do what works for you and your family! Hopefully the daily videos will help and I will try to leave the children with a task to complete independently as a follow up. No one is expecting that they spend hours completing work every day. Short, focussed sessions will hopefully help to add a bit of structure to your days. It's also very important that children continue to develop the capacity to focus independently without an adult constantly watching and guiding them so remember it's OK to 'leave them to it'. Here is a suggested timetable for a day.

**9 - 9.30am** - Joe Wicks PE

Have a drink, get yourself ready for learning

**9.45 - 10.15/30am** - Literacy including input from the video and/or your grown up and time to reflect as you go along

Break, snack, relax, play with toys, have a blast in the garden etc.

**10.45 - 11.15/30am** - Maths including input from the video and/or your grown up and time to reflect as you go along

**11.30 - 11.50** - Independent reading inc a chat about the book

1pm - Topic Activity - use ideas from the weekly learning packs

**2.30pm** - Go for a walk
