

Make a paper cube out of this page.

Convert your paper cube into a die. Draw a number (one to six) onto each cube face.

Glue tab F stuck under here

Glue tab D stuck under here

- ### HOW TO MAKE YOUR CUBE :
- + Cut out this shape along the solid lines.
 - + Fold all the dashed lines.
 - + Add some glue to the glue tabs.
 - + Stick the glue tabs where directed.
 - + Leave to dry.
 - + Your paper cube is now complete!
