Dear Parents/Carers

Please find your child's information leaflet attached. You may remember a previous email informing you that we are developing our curriculum by using Cornerstones Maestro. The Cornerstones topics the children study come with home learning opportunities which we have shared with you as a separate sheet.

Each topic comes with different home learning opportunities so the amount available is different each time. **All home learning opportunities are optional.** Some families love home learning, some hate it and so we do not, as policy, force any child to do any school directed learning at home. If your child is keen to engage with any home learning please help them. If they aren't, please don't feel under pressure to force them as this can put them off learning which is counterproductive.

The only exception to this is reading! Please, please read to and with your child, especially if they are young and learning to decode. This has a very positive impact on their skill set and it only needs to be 5 or 10 minutes each time.

If you have any questions or comments please just get in touch using the email address below.

Kind regards

Mrs T Dudley
Headteacher
