The following tables show the academic achievement and attainment for Andreas School pupils for 2021/22. This is the first full year the children have had in school since 2019/20.

Achievement is the most important data as it shows how much progress a child has made. Attainment is a snapshot and, whilst good attainment is obviously desirable, it is not the full picture of a child's time at school or their success.

The first two tables show attainment at the end of Key Stage 2 (Year 6) and Key Stage 1 (Year 2) only.
